HOMELESSNESS HERE

A definition of homelessness: individuals who lack a fixed, regular, and adequate nighttime residence.

For a variety of reasons, people find themselves in a homeless situation. The Burlington Area Homeless Shelter provides a safe and temporary home. Having somewhere safe to stay enables them to work towards wholistic wellness and becoming self sustaining members of our local community. While staying with us, our staff work with each individual on their needs and future goals. We assist with community resources, financial management, and many other areas of support.
