

Burlington Area Homeless Shelter

2025 Annual Report

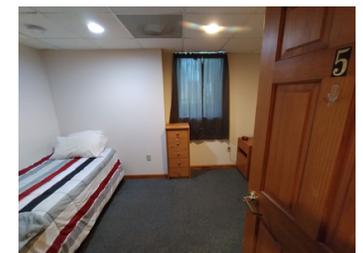

The Burlington Area Homeless Shelter emphasizes human dignity and promotes responsibility in order to achieve lasting success. We provide temporary housing combined with personalized case management to assist individuals and families in reaching self-sufficiency and housing security in order to overcome barriers to stable housing. We actively collaborate with community partners to make the dream of housing stability a reality.

Burlington Area Homeless Shelter

2025 Annual Report

We are thankful for you, our community, and for your support as we daily walk alongside individuals who have experienced the crisis of homelessness. Through your support we are able to provide a place of temporary rest, safety, and security as our residents work towards establishing self-sufficiency and housing stability. In 2025 we saw people overcome obstacles, obtain employment, access needed healthcare, connect with community resources, maintain sobriety, and successfully move into permanent housing after a period of homelessness. We saw many smiles and shared congratulations upon small and big accomplishments.

It is a privilege to walk alongside individuals in our community who demonstrate incredible resilience and provide a “helping hand up” to those in need. We welcomed a new executive director in the fall of 2025 and we are set up for a strong 2026 continuing to serve those in need. Together we are making a positive impact on people and our community. Thank you!
